Graduation Ball
Wahluu Project

The Wahluu Project entered the next phase with the building of the Race Simulator. The team built the drivers console on Friday. The boys worked well together to assemble the simulator from a flat pack kit. The system has a race seat, steering control, pedal box and manual gear shifter. The next step will be to install the 3 screen display and the Alienware computer so they can go racing against the Bathurst High team. The Wahluu Project - "Rising to the Challenge".
End of year:

Well, the end of the year is upon us. This year has been a great one for Kelso High Campus as we continue to grow and improve as a learning community. There are many things we can be rightfully proud of. Tonight we will celebrate our student award winners at our annual Presentation Night. I wish to acknowledge our students – they are why we are here. I’m so proud of our diverse student body and what they achieve every day. We appreciate all the parent support we get, in particularly our Parent Focus Group and our many parent helpers who volunteer their time to support many of our programs. We also have so much community support from organisations, businesses and individuals. I acknowledge the tireless and committed efforts of our executive, the teaching staff, learning support officers, front office and administration staff and all our non-teaching assistants. We have an outstanding group of people who work here and they make the place what it is. I wish the staff who are leaving or have left this year all the best for their future – Hans Stroeve, Phil Warner, Viv Williams, Andrew Mackenzie, Hanna Parker and Pam Hurford.

I hope that everyone in the Kelso High Campus family has a happy and safe Christmas, New Year and summer holiday. We have a long break this year. School finishes for staff and students on Friday 15 December, though the school will be open on Monday 18 and Tuesday 19 December. School resumes on 29 January for staff, 30 January for Years 7, 11 and 12 and 31 January for Years 8, 9 and 10. The front office will be open on Thursday 25 January for new enrolments and enquiries. The uniform shop will also be open this day.

Top performances:

- **Hans Stroeve** – who retires next week after 39 years teaching at Kelso High. Stroevey is a genuine Kelso High legend and has impacted positively on the lives of thousands of Kelso High families. Fortunately he won’t be leaving us entirely, as he will be employed as a tutor on Wednesdays next year.
• Aboriginal staff and students who were recognised at the Bathurst AECG Awards last week. Congratulations to **Casey Mackay** and **Bec Bosianek** who received outstanding staff awards and to **Nerida Lord, Jay Tangye, Kyle Tangye, Glenn Alderton, Kirsten Fitzpatrick, Bailey Honeyman, Sebastian Honeyman, Jake Callaghan** who received students awards.

• **Cirkus Surreal** performers who are just phenomenal and entertained everyone last week at their end of year show. It is so good to see so many new members doing so well.

• **The Kelso High Volleyball community** – which is headed by Mr **Jerry Sheader** and supported by **Ms Lauren Dean, Ms Karah Logan** and a significant number of parents and volunteers. Well done to all our students for their achievements, both this week at Melbourne and throughout the entire year.

• **Year 7 students** who competed against Blayney in the annual Year 7 sports day and showed great sportsmanship.

Please give me a call me or drop by to discuss anything concerning your child and Denison College, Kelso High Campus

**Mick Sloan**  
Principal
2017 Highlights
As we rapidly approach the end of term 4, it has been a wonderful opportunity to reflect on some of the highlights of 2017 – what a fantastic year it has been!

Term 1:
We kicked off the year with the High Achievers’ Reception at CSU School of Engineering in February.

March saw us meeting with hundreds of Year 6 students to kick off iexplore and iLearn – our Denison College Year 6 Transition programs.

Student leaders participated in the ANZAC Centenary Project, collecting soil from towns where men and women enlisted for service in WWI for display at the NSW War Memorial’s new Hall of Service.

Year 11 students participated in the Preliminary Study Day.

Term 2:
Iuliia Orieshyna (Bathurst High Campus) received a Harding Miller Scholarship at Sydney Town Hall as part of the Public Education Foundation Awards.

Staff from both campuses and Charles Sturt University attended the Professional Experience Hub School Conference in Darling Harbour to develop our partnership in supporting teacher education courses.

Over 30 school leaders from secondary schools across Lithgow, Bathurst and Orange completed Dr Simon Breakspear’s High Impact Leaders of Learning program at CSU.

Year 7 students attended the launch of the Central West Wheeler’s e-Library Consortium at Lithgow High, which included an opportunity to meet famous author Morris Gleitzman.

HSC Seminars at CSU for over 300 students across the Central West.

Term 3:
Year 10 students were focused on Future Directions for much of the first part of term, selecting their subjects for Year 11 and planning their career options.
Students and staff from both campuses featured in the Education Week livestream event simulcast from Tamworth HS and Glenmore Park High School.

The Decade of Denison celebrations were held, featuring performances from Denison College combined concert bands, dance ensembles, vocal groups, *Cirkus Surreal* and *Swing Factor*. (The College Concert Band and Dance Ensemble went on to enjoy great success at the Bathurst and Orange Eisteddfods).

**Term 4:**

I travelled to Capetown, South Africa, to present a workshop on NSW Education Reforms at the *International Confederation of Principals’ Convention*.

Pilot of the *Wahluu Project* – working with Wiradjuri elder Uncle Bill Allan, technology expert David Foley and children’s author Paul Stafford to engage Year 10 students with science, technology and indigenous culture.

Year 12 Farewell Dinners were held at Goldfields to celebrate the end of schooling for the Classes of 2017.

Year 7 2018 Information Sessions and Orientation Days at both campuses were extremely well-attended by excited students and parents.

Finally, I would like to thank all of the College Team for their efforts this year, particularly Mrs Kissell who has been absolutely fantastic as the College Executive Assistant since 2012. Mrs Kissell will continue to work in the Bathurst HC Library, and will be replaced by Ms Sarah Conolan. I would also like to acknowledge Mr Crawford’s contribution as Relieving College HT (Senior Studies) Bathurst HC. Geoff Childs (HT BYOD) has been appointed to this role for the start of 2018. Ms Townend will assume the role of Deputy Principal (Acting) at Kelso HC – Ashleigh Hardes will be Relieving College HT (Teaching & Learning) Kelso HC.

Merry Christmas to all!

Craig Petersen
College Principal
Goodbye Kelso :-(

To quote Winnie the Pooh, “How lucky am I to have something that makes saying goodbye so hard?” I have both been looking forward and not looking forward to the end of this year.

I haven’t been looking forward to it, mostly because I know that I’ll be an emotional mess. Kelso High has been the constant in my life for the last 39 years. I arrived in 1979 fresh to teaching as a ‘spare’, and expecting to be moved on to another school at any time. As things turned out, this never happened and I’ve stayed at Kelso ever since. I met my wife at Kelso High, both my children graduated from Kelso High, most of my closest friends are from Kelso High, and every day I run into ex-students and parents from Kelso High. This school has been a central and continuing theme in my life!

Leaving it might make me feel a bit like I’ve been cut adrift from everything I know!

I hadn’t planned on being a teacher until half way through my last year of school, but I now couldn’t think of anything else that would have given me the same ‘buzz’ every day of my working life. Throughout the course of a day, I get to be a ham actor, a teller of corny ‘Dad’ jokes, a friend, a nurse, a life coach, a finder of lost things, a money lender, a taxi driver, a very amateur psychologist, a substitute parent, a salesman to sometimes reluctant buyers, all while I’ve also tried to be a font of knowledge. I fear I may lose my “superpower”, which is teaching Maths to teenagers.

However, after devoting so much time and energy to my job, I’ve also got to the stage that I am perpetually tired. The grind of programming/data analysing/assessing/compliance paperwork has taken some of my fun and enjoyment out of teaching. So I know it is the right time for me to finish up what has been so much more than just a job to me.

There’s plenty to look forward to as well. What will I do next year? Aside from a little bit of teaching and tutoring at Kelso on a Wednesday (I know, I’m a tragic), I aim to have the odd sleep in, read the pile of books waiting for me, get a bit fitter, have regular lunch dates with my wife, Wendy, and…. maybe even a round of golf with Mr Mac! I know I’ll really, really, really savour that cup of coffee or café brunch while others are working their tails off!

Wendy and I have a few extra considerations for our retirement. Realistically, we can’t take off on overseas travels like other retired people, but we are both looking forward to having more time to devote not only to our own quality of life, but to that of our son, Alex, into the future. It’s an exciting but time-consuming process for our family, as he begins to access better supports through the NDIS, and we work out how to get the best for us all.

I have a present that is challenging, adventurous and fun because I spend my days with the future. I am a teacher – and I have been thankful for it every day. Facing retirement, I am still a lucky one. I have rich memories of a rewarding career. I can look back on all of that with satisfaction and go forward happily into a world that isn’t run by bells.
Wet ‘n’ Wild Reward Excursion

Arriving before 7am on Friday December 1st 2017, a group of excited but bleary eyed staff and students met in the bus bay. The 63 students and 7 staff clambered aboard the double decker bus for a rewards excursion to Wet ‘n’ Wild. The purpose of the excursion was to reward students in Years 8, 9 and 10 for great attendance and good behaviour throughout the year and of course following our school PBL expectations for Being On Task, Being Respectful and Being Safe. We enjoyed lunch and water play all day and returned home a little tired and kissed by the sun.

A great day was had by all and we would like to thank Mrs Honeyman for her efforts to organise the reward excursion. We look forward to students having this opportunity again in 2018.
SES Cadet Training Program

It's that time of year again where the SES run their cadet training program at Denison College - Kelso High Campus. This year is a little different because we have also invited students from the Bathurst Campus to participate. We have 14 Kelso High students and 10 Bathurst High students who are participating in the program. The program prepares the students to become fully serving SES members, providing the students are over 16 years of age.

During the week the students spend three days doing theory and team building activities at Kelso Campus. On Wednesday, the students visit the emergency services in Bathurst and also spend time at the SES headquarters, where a BBQ lunch is provided. While at the SES unit, the students get the opportunity to cut up a wrecked car using the "Jaws of Life" equipment, which is pretty exciting. On Friday the students spend the day at Chifley Dam where they conduct mock rescues in the SES rescue boats. They also perform a range of other rescue and training activities and lunch is again provided by the SES. So far the students have been very motivated and they are all looking forward to Wednesday and Friday.
Raise Program

In 2018 Kelso High Campus would like to become a part of the ‘Raise’ program, but we need your help...

**Why do we want to be a part of ‘Raise?’**

Young people in Australia are struggling, and they are facing poor outcomes in key areas.

- Suicide is the leading cause of death for young Australians aged 15-24
- 1 in 3 young people are without adequate work (i.e. either un- or under-employed)
- 1 in 10 young people are completely disengaged from education, employment and training
- 1 in 4 young people have a mental health condition

The presence of a caring adult, not necessarily a parent, is the single biggest predictor of positive mental health outcomes for young people. However, the more risk factors a young person faces, the less likely they are to have a natural mentor in their lives. This is not OK.

**The Raise Solution**

Raise Foundation aims to fill this gap and provide young people with a confiding relationship with trusted adults through our mentoring programs. We give young people individual support from a fully trained mentor who helps them navigate their way through the issues they are facing. Through the relationship that is formed between the young person and their mentor, young people in our programs experience growth in the areas of cognitive, social-emotional and identity development. This growth leads to improved outcomes in resilience, ability to set and achieve goals, grades, attendance, important relationships and confidence.

*Extract from: Raise Youth Mentoring Program: 2016 Program evaluation report*

**How can I help or find out more?**

If you are interested in becoming a 2018 Raise Mentor please contact, Karah Logan HT Welfare at Kelso High Campus.

For more information about the Raise Mentoring Program please see the flyer attached to the newsletter or go to raise.org.au
Our mentoring program for high school students is called "Ismo" (In School Mentoring Opportunity) and it runs in almost 80 schools in Australia. One of our qualified Program Counsellors manages our Ismo program, and they bring a group of trained mentors into the school for an hour each week at a consistent day and time for two terms. We facilitate one-on-one mentoring for students and we have a graduation celebration at the end.

All Raise Mentors complete our 12-hour TARE accredited training course in youth mentoring and they undergo compulsory Working with Children Checks, National Crime checks, and a telephone interview. Students are invited to attend the Ismo program by teachers who feel they might benefit from having a neutral positive role model in their lives, and the students choose whether they would like to be involved. Their parents or guardians give consent for their son or daughter to attend the program.

Ismo runs as a partnership between the School and Raise. The success of the program is the responsibility of our Program Counsellor, and they carry the majority of the administrative work in making sure the program runs smoothly, with assistance from a staff member of the school. Ismo is complementary to the welfare team in the school and helps to provide a community of support around these students who could do with some extra encouragement and goal setting to reach their full potential.

Ismo outcomes include improved relationships, advanced resilience and coping strategies, increased self-confidence, identification and achievement of smart goals, increased ability to ask for help from trusted adults, and re-engagement with education and employment options.
Shared Course structure 2018

**Tuesday A**
- Periods 3-4: Line 4
- Periods 5-6: Line 3

**Friday A**
- Periods 1-2: Line 4
- Periods 3-4: Line 3

Welcome To the Library
Christmas holidays are approaching very rapidly but there is still plenty of time to borrow books from the library for holiday reading. Please remember to return any overdue books.

eBooks
We now have a selection of eBooks which can be downloaded onto your device. These can be borrowed at any time, day or night - just follow these three easy steps:
1. Search for and download the ePlatform app from your app store.
2. Find our library and log in using your library ID:
   Username: firstname.lastname
   Password: Library1
3. Browse and borrow an eBook to read on your device.

Lunchtime at the Library
The Library is open every lunchtime during 2nd half (except Wednesdays). Come in for some quiet reading, borrow a book, or we also have board and card games to play.

Book of the Week
The Tale of Rescue by Michael J. Rosen
Illustrated by Stan Fellows

A family has travelled all the way from Florida to the Appalachian foothills of Ohio. The mother and father want their ten-year-old son to experience the wonder of a snowy winter weekend. At a local farm, a cattle dog works her forty head of cattle and calves in and out of the snowy pastures, barn, and corral. And then, out of nowhere, a blizzard descends upon the already deep snow. At once, the family is stranded in a whiteout - disoriented, exhausted, freezing, and lost in the snowdrifts that are taller than the boy. Their very survival depends on the resolve of that cattle dog they have not yet met.

“An exciting tale of adventure….The writing is matched by Fellows’s superb watercolour illustrations.” - Kirkus Reviews
Stroevey Challenge
(is this the last one ever?)
Number 237
99 to 25

Below is 99, moving only two lines, can you turn this into 25?

School Equipment

The following list of equipment will help students prepare for school in 2018:

- Pencil case
- Pens – blue, black and red
- Lead pencils
- Coloured pencils
- Ruler
- Pencil sharpener
- Highlighters
- Eraser
- Glue stick
- Scissors
- School diary
- A4 exercise books – one per subject
- Scientific calculator
2018 WESTERN BAND CAMP

Information for School Staff, Parents and Students

The Western Band Camp is on again! The 2018 Camp will be held at Lake Burrendong Sport and Recreation Centre from Sunday 18 February – Friday 23 February 2018. The camp is open to all public school students from years 5-12 and caters for musicians of all levels from beginner to advanced. During the week students will participate in a range of programs including concert band, advanced band and instrumental group tutorials.

The camp aims to give students a valuable educational and musical experience. It will give students the opportunity to enhance their skills by working with professional musicians, tutors and conductors, while exposing them to a variety of music and styles. Students who attend camp will be eligible for selection for 2018 State Wind Band who performs at the Sydney Opera House and Beyond the Divide band tours.

Bass guitarists are welcome to attend, however, there are no positions available for vocalists, electric, acoustic guitarists or violinists. Piano students are welcome to attend, with the understanding that they will be placed with the percussion section and will be expected to rotate turns with the others. A single drum kit is provided for drummers and they will be expected to rotate turns on the equipment with percussion instruments.

It is expected that all students who apply will be accepted. A confirmation email will be sent to parents/caregivers so please ensure that an up-to-date email is provided.

If interested please see your music teacher for a Nomination Form.

Closing Date for Nominations
Friday 9 February 2018

Payment must be completed by
Friday 16 February 2018
Notice to Parents and Students

There has been a change to the front office opening hours on Wednesday mornings. The office will now operate between 9.15am—3.45pm.

This change will allow our front office staff to undertake training to better serve you.

Opening Hours:

<table>
<thead>
<tr>
<th>Day</th>
<th>Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday</td>
<td>8.30am—3.45pm</td>
</tr>
<tr>
